Parent Workshop Jan 31st

“HOW TO LIVE WITH YOUR BOYS”

Christian Klaue, Principal, Maranatha Christian School

In a system that caters to a feminine learning style, how can we most effectively teach boys or help them learn? Discover some important differences between the way males and females think, respond to, and process information. Discuss simple changes you can make to achieve huge benefits for the males in your life. The first part of Christian's presentation includes Male Physiology, What Works, and What Doesn't. The second part includes The Boy Code, How Men Communicate, Media Analysis, Physical Elements of the Classroom and Literacy.

Everyone is welcome to this informative and enlightening session on Thursday, January 31st @ 6:30pm in the School Theatre.

Please note:
